

IVES IN THE LEAD

Championship With Roberts for 6,000 Points Opened.

IVES 1,000, ROBERTS 893

Roberts Outplayed at Nursing the Ball—A Duel Between Two Styles of Playing.

CHICAGO, Sept. 18.—In the first night's play between Frank C. Ives and John Roberts, Jr., of England, at 6,000 points up, modified English billiards, for \$2,500 a side, Ives won with the score 1,000 to 893. It looked like Roberts' game all through, but Ives beat him by masterly nursing. It has already become apparent that the game will be a duel between the two distinct styles, Roberts playing English billiards wholly and Ives depending on nursing. Roberts played first and scored, Ives securing one. Then Roberts followed with a careful 10, and soon the American made 22. Both men were plainly nervous and each missed many leaves until the tenth inning. Roberts ran 85. Ives was very slow, Roberts gradually coming around in graceful style and running up his score to 125. He was as skilled in nursing as Ives.

Ives then 34-2. Shortly Ives drove the three balls against the top rail, and after counting sixty-four, he anchored the Iveses and ran up a row of 138 buttons, making his total 342 amid the greatest cheering. He would have scored indefinitely, but for a fence that necessitated a spotting of the balls. In the thirteenth inning, Roberts lifted his total from 164 to 281. At the twenty-second inning the score was—Roberts, 415; Ives, 410. The Englishman was far sleeker, Ives striking the balls as if he was using the small table. With the red in ball, Roberts played splendidly. He scored eight by the losing hazard and lost chance to nurse. To the thirty-third inning the play was tedious the totals then being Roberts, 552; Ives, 415. Roberts again ran 81, and putting up on losing hazards had 526 to Ives 517 in the forty-second inning. In the forty-seventh Ives ran 124 by brilliant work but Roberts pounced away slowly and steadily. Ives was at 626 and getting the balls against the lower rail ran 324 in a pretty nurse and closed the night's play. Roberts was 844 in the fifty-second and closed with 893.

DEAR MADAM—Are you alive to the new conditions imposed upon the women of Michigan under the act extending municipal suffrage to women,

"A RUN DOWN" and "WIND-UP" feeling is the first warning that your liver isn't doing its duty. It's a bad omen, with a world of trouble and the impure blood that follows it, you're not only prey to all sorts of ailments, but you're also a danger to those around you.

MISTAKE OF A LIFE

The Most Terrible Mistake Possible to Make.

And the Frightful Results Which Followed.

All Should Be Careful to Avoid This Great Danger.

The world is careless. And it is just this carelessness which constitutes the greatest element of danger.

From little things grow great things—a small beginning often results in an awful and disastrous ending.

A gentleman well-known by us has just passed through an experience which perfectly demonstrates this. He began to have certain feelings which he could not explain. He grew languid and tired, felt weak, in fact, after any kind of exertion. He had headache, dizziness and his stomach and bowels troubled him. There was a sediment in his water. After a while he had numb spells, trembling feeling in his legs, arms and body. Then there came prickling sensations in his fingers and toes.

Suddenly he had a shock of paralysis. For the simple reason that he had for months neglected, through ignorance of their real meaning and danger, the gradually growing symptoms of this awful disease.

This gentleman, who is no other than the well-known William T. Cox, Esq., of 181 Friendship st., Providence, R. I., as a lesson to others against neglecting the symptoms and feeling which so surely lead to paralysis, stated to us the facts of his case, trusting that others will profit by his mistake.
